SUTTON CASE TO GRAND JURY.

Said That Cadet's Mother Will Submit it in Baltimore.

Annapolis, Md., Oct. 14.—Yesterday just two years after young Lieut. James N. Sutton, jr., of Oregon met his death on the Naval Academy dump during a fight with brother officers, it is learned here from a reliable source that the dead officer's mother will shortly lay the charges she made against certain of the marine officers before the federal grand jury.

At the second investigation of the death of Lieut. Sutton last August, which resulted in a verdict by the naval court of inquiry that Sutton was killed by a pistol bullet fired by himself either accidentally or with suicidal intent, Mrs. Sutton charged that her son had been murdered.

KEITH AVENUE

PITTSBURG 8, DETROIT 4

Heavy Batting Gave Pirates the Fifth Game

SUMMERS WAS HIT HARD

Adams Pitched a Splendid Game for the National League Champions at All Stages of the Game.

Pittsburg, Oct. 14.—Superior battery work on the part of Adams and Gibson enabled Pittsburg to win the fifth game of the world's championship series with Detroit yesterday afternoon, the score being 8 to 4. Summers was again in the box for Detroit, but was hit hard and was then replaced by Willet in the eighth. Adams pitched a fine game, allowing but six hits and striking out eight Tigers, while Pittsburg found Summers for ten hits. Three home runs were chalked up, due largely to the ground rules that a ball hit between the outfield fence and the seats would go for four bases. D. Jones swatted one for Detroit, Crawford another, and Fred Clarke one for Pittsburg, the last named sending two men in ahead of him. The team play again in Detroit this afternoon, and Pittsburg has seen its last game, as it was decided by lot last night that even should Detroit win to-day and tie up the series the final game will be played in Detroit.

Each team scored one in the first inning yesterday, Detroit on D. Jones' home run swat and Pittsburg on Byrne's hit. Leach's safe bunt, Clarke's sacrifice, an intentional pass to Wagner, followed by an unintentional pass to Abstein after Miller had struck out, forcing a runner across.

Gibson's scratch hit, Adams' sacrifice, Byrne's out and a wild pitch by Summers gave Pittsburg another in the second, after Detroit had been blanked. Again in the third Detroit was shut out and Pittsburg got another on Clarke's pass Wagner's single and Miller's out. Bush to T. Jones. Neither scored in the fourth and fifth.

A single by Cobb and a double by Crawford, followed by a wide throw by Wagner on Delehanty's grounder sent two Tigers over the plate in the sixth, tying up the score.

The Detroit balloon went up in the seventh, however, and Pittsburg failed four times. After Adams had struck out, Byrne singled to left. Leach did the same, while Mr. Fred Clarke very opportunely came to time with a home run swat. Dutchman Wagner got hit by the ball and after Miller had flied out he stole second and slipped to third, scoring on Schmidt's high throw to head of his rush. Abstein struck out.

The eighth was fruitful for each team to the extent of one run. Detroit got its tally on Crawford's four-bagger and Pittsburg its addition on Wilson's double and Gibson's single. Detroit got a man on first in the ninth inning, when Wagner dropped T. Jones' pop, but Wagner disposed of the next two batters. The score:

COLLINS WAS STRONG.

Vermont Boy, Pitching for Red Sox, Shut Out Giants.

Roston, Oct. 10.—The Boston Red Sox, with Collins in the box, succeeded in doing up the Giants again yesterday, shutting them out with but four bingles, while the locals gathered eight safeties off Mathewson's slants. Collins had the New York batters completely at his mercy and held them safe all the way. The Red Sox started strong in the first, by scoring once, and added another tally in the eighth, clinching the session for them. The score:

OUTCLASSED ST. MICHAEL'S

Goddard Won Foot Ball Game, 16 to 0

McMURPHY SCORED TWICE

And Scott Was Pushed Over for the Third Touchdown Just Before the End of the Game.

Outclassing its lighter opponents at every stage of the game, Goddard seminary shut out the St. Michael's college eleven from Winslow, 16 to 0, and won its first home game of the season on the campus yesterday afternoon. McMURPHY, Goddard's full back, made two of the touchdowns, and Scott scored the third.

McMURPHY made the first touchdown 28 seconds before the first half ended and in the first few minutes of play in the second half he made the second touchdown after a fifty-yard run, Goddard having punted the ball to St. Michael's back having let the ball slip through his hands. McMURPHY, who was right upon him, caught up the ball with a clear field and scooted across the line. Scott was sent through the line for the third touchdown just 25 seconds before the game ended.

The Goddard team put up a very good game for the second contest that they have been in this season. They tried the forward pass twice, the first time for a gain of ten yards, and the second time the throw went wild and the ball struck the ground and the team was penalized 15 yards in consequence. Most of the substantial gains were made through the victories line, which was no match for the local line men, who opened up big holes whenever they were needed.

The visitors could do nothing at rushing the ball, being held for downs every time they got the ball except three times that they lost on fumbles. The game opened with St. Michael's kicking off to Goddard and the visitors for the only time in the game held Goddard for down near the center of the field. St. Michael's soon punted to Goddard's 45-yard line. Chapple then made 15 yards through left tackle and Moore then worked the forward pass for 10 yards' gain. With line rushes Goddard then worked the ball up to the 20-yard line, where they were penalized 10 yards for offense. Then punted to the five-yard line and the ball was downed on the 12-yard line.

On their first rush St. Michael's lost five yards and were then held for downs. Goddard then rushed the ball by line plays across the goal line. Moore kicked the goal. There was just time enough left for Goddard to kick off to the visitors, and they to punt back to the center of the field before the half ended.

In the second half Goddard kicked off and Moore made a poor kick, the ball glancing off his foot and going but ten yards, when it was caught and downed. The visitors gained five yards in two end rushes and then tried a forward pass but lost the ball as it struck the ground and Scott fell on it for Goddard. On a double pass Goddard got around left and for 10 yards and then attempted the forward pass, but Moore made his throw wild and the ball struck the ground before it was touched and the team was penalized 15 yards.

Moore then punted and the St. Michael's back let the ball through his hands and as it struck the ground McMURPHY was on the spot and catching it up sprinted across the goal line for the second touchdown. Moore failed to kick the goal.

Goddard kicked off and the ball was

NO MORE BAD TRUSTS

Plan to Make Them Beneficent Institutions

A LAWYER HAS PLAN

To Present to Supreme Court—Declares Sherman Law Defective—It Forbids Restraints of Trade Which Are Reasonable.

Washington, Oct. 14.—William L. Royal, an attorney of Richmond, Va., has asked permission of the supreme court to file an amicus curiae a brief in the so-called tobacco trust cases, which will come up for argument on Thursday. The brief proposes a plan which its author believes will settle the trust question to the satisfaction of every one and make such combinations beneficial instead of predatory institutions. Mr. Royal contends that the Sherman anti-trust act affronts all the principles of evolution and is beyond the power of Congress, because it violates that provision of the federal constitution which guarantees freedom of contract. The law is defective, he says, because it forbids restraints upon trade which are reasonable. He maintains that it is perfectly lawful for any one man or set of men to control the output and price of any commodity or to put up the price. The latter situation, he thinks, would cure itself by the profits that others would make by entering the business at the high prices if there was some law to protect them.

The law, he suggests, is simply to prohibit under severe penalties any one to give away goods or lower prices to crush rivals. This would make injurious combinations impossible, for as soon as the independent knew he would be protected by the government he would go in and compete and would even have an advantage in that the trust would have to pay dividends on watered stock while he would not.

Railroad Cast Fifteen Years Old.

The case of the interstate commerce commission against the Chicago & Great Western and other railroads entering Chicago, to the argument of which the supreme court yesterday gave its chief attention, involves the right of the interstate commerce commission to fix the terminal charges for the delivery of live stock in Chicago. The railroads formerly charged \$2 per car, and the commission issued an order prohibiting a charge in excess of \$1. The case turns

on whether the commission has the right to fix the rate.

WORN TO THE BONE.

Engineer, Buried in Shaft, Had to Dig Out With His Hands.

Rapid City, S. D., Oct. 14.—Bert Miller, a mining expert, who went yesterday to inspect a shaft at Silver City, was forced to crawl for two miles with a leg and arm broken after he had been buried twice at the bottom of a shaft, both times digging himself out with his hands. The flesh on the fingers of his left hand was worn to the bone and amputation was necessary.

ed largely upon the question whether the terminal charges were separable from the other railroad charges for the transportation of stock. It was contended on behalf of the railroads that they had a right to divide their rates and to make a separate terminal charge for the delivery of stock to the stock yards. On behalf of the government it was asserted that transportation to the stock yards was as much a part of the carriers' duty as the transportation over any other portion of the journey from the point of shipment to the market.

PRIZES FOR MODEL HUSBANDS.

Qualifications From Feminine View-point Not Inspiring.

Chicago, Oct. 14.—Husbands of all

kinds and shapes and sizes and conditions of servitude will be on display Saturday evening, Oct. 23, at the residence of Mr. and Mrs. James S. McCullough, 5,129 Kenmore avenue. At that time and place there is to be held a competition for husbands, at which twelve prizes are to be awarded, the prize winners to be proclaimed as the best of all Chicago husbands.

Three women have been chosen as the judges of the contest. The points on which they will judge the married men are these: Quantity of hair; time taken to tie wife's shoes; ability to guess price of hat; humility; good looks; ability to describe gown; gallantry; docility; patience.

The occasion will be the third wedding anniversary of Mr. and Mrs. McCullough.

Friction Bearings or Ball Bearings—Which?

L. C. Smith & Bros. Typewriter with Gardner Ball Bearing Joint

The ordinary friction bearing will wear loose. Each revolution or vibration grinds out a small portion of the bearing surface. After a while it wobbles—adjustment permanently ruined.

The New Model L. C. Smith & Bros. Typewriter

is fitted with Ball Bearings throughout. Every vital wearing part—type-bar joints, carriage, and typebar segment—has the kind of bearings that thousands of operations cause to run even smoother than at first.
